Friday Discombobulation at CBS ☹

Late last week we experienced real problems with parts of our email system. This impacted, not surprisingly (!) on our ability to communicate as effectively as is our want. Hence, we ended up with a few classes having Daffodil Day and most classes not having Daffodil Day.

Please accept our apologies for any confusion that arose. As Daffodil Day is so important we are going to have our very own Daffodil Day this coming Friday, 1 September. Please see below.

CBS Daffodil Day: Friday 1 September

On Friday students are encouraged to bring a gold coin for our CBS Daffodil Day. Students can decide whether to wear their school uniform with something yellow or mufti wearing something yellow.

Just to be truly democratic, students may also wear their school uniform without even a hint of yellow. If your child brought a gold coin to school last Friday there is no expectation they should do so again this Friday but, of course, they may still go for that fashionable yellow look ☺

Years 2 & 3 Cross Country

Just to add another twist, Years 2 & 3 have already committed to wearing some yellow and raising money for the Cancer Society during their cross country on Friday 8 September.

Parents of these children - you have choices!!! Either yellow and a donation this Friday, or yellow and a donation next Friday or both or neither. Spoilt for choices ☺

Mathletes of the Week

Congratulations to Darian Christian from Room 50.
You are the Senior Mathlete of the week!

Congratulations to Daniel Beskhyroun from Room 8.
You are the Junior Mathlete of the week!

The Mathletes of the Week are the top students in the senior and junior schools who has mastered the most concepts in Mathematics.

Amnesty

If you find you have something that belongs to Campbells Bay School that has not been returned to the school please feel free to drop it into the amnesty container in the library/learning hub.

With such busy lives and so much going on it is very easy to inadvertently forget to return items to school. Please do feel free to use the amnesty container.
Thanks.

MATHATHON Update

What a success! Thanks to the fulsome support of our community we are well on track to raising at least **\$24,000** - well over the target of \$18,000. As you can imagine, with such a large amount, counting is still taking place so we will not have the final tally until later this week. However, be assured we will be letting you know the final amount and the top three classes as measured by the average amount raised per student in each class. These are the classes that will be able to wear mufti on a yet to be designated day. The great result also means your children will be voting on what character our principal will be painted for a day. The voting process is about to commence.

Thank you for your wonderful support. The hall refurbishment and extension project is the winner. The prospect is of our rather tired hall that is too small for our school, will have a new lease of life. We are hopeful works will be completed by mid-late July 2018 with a start date being early January 2018.

Head Lice Outbreak

HOW CAN I TELL IF MY CHILD HAS HEAD LICE?

Your child may have an itchy scalp, especially around the nape of the neck, crown and ears. You may see live lice on the scalp, or hard, pale grey or yellow-white eggs (nits) like grains of salt attached to the hair, close to the scalp. Or the first indication you may have is when the school tells you there's an outbreak.

HOW DO I TREAT THEM?

The key to dealing with lice is to check, treat and inform.

1. Check: Check your child's hair regularly - once a week is a good guide. In the past, teachers and public health nurses lined kids up for public and humiliating checks at school. These days schools don't do checks so it's up to you to check at home.

2. Treat: If you find live lice or unhatched eggs, treat your child as soon as you can. Your chemist can advise you on the best way to deal with the problem. Treatments don't need to be expensive, although they can be time-consuming, for example using a fine-toothed comb every day. Chemical treatments or wet combing are the usual ways to treat head lice.

CHEMICAL TREATMENTS

- Chemical treatments use a special shampoo or lotion that kills the head lice and the eggs. Follow the instructions that are supplied with the chemical treatments.
- Always do a second treatment 7–10 days after the first. This is to kill any head lice that may have hatched after the first treatment.
- For head lice that have built up immunity to over the counter treatments, there is a prescription only product called DIMETHICONE lotion and it is very effective and subsidized for you. Talk to your pharmacist, doctor or nurse for advice. Ordinary shampoo or soap will not kill head lice. Do not use fly spray, kerosene or animal treatments, as these may harm children.

WET COMBING

- Wet the hair and scalp with conditioner (this makes it easier to see the head lice).
- Use a fine-toothed comb to check for head lice and eggs and to comb them out. It's best to use a fine metal comb, or a special head lice comb you can get from a pharmacy.
- Comb the full length of the hair, from the scalp to the ends. Work your way around the head so that you have combed all of the hair.
- If you see any head lice or eggs, clean the comb by wiping it on a tissue or a paper towel, or rinse the comb before you use it again.
- After you have combed all of the hair, rinse out the conditioner.
- Repeat the wet combing each week until you don't find any more head lice or eggs.

Police Vetting: Urgent & Important!

Only adults who have had a police vet will be able to help with school activities from January 2017 onwards.

As obtaining a police vet takes time, if you are considering being available to help with school activities in any way in 2017 please act now, as follows.....

Please go to the school website to 'Police Vetting for Volunteers at CBS' under Parent Information and complete the form and attach photocopies as per the instructions.

Please note a police vet remains current for three years after the date of issue by the police.

Absences

Just a reminder that if your child is going to be absent from school, we request you advise the school office before 9am, **not just the class teacher.**

Email: safetycheck@campbellsbay.school.nz, use the Flexibuzz App or call 410 9551.

For extended holidays ie: more than one day, a request should be made to Mr McGowan for the time off. These requests can be emailed to:

admin@campbellsbay.school.nz.

This is a Ministry of Education requirement.

We work very hard at keeping your children safe at school and appreciate your assistance with our process.

3. Inform: Let the school know when your child has lice or nits. They can then tell other parents that there is an outbreak, so everyone can check and treat their own children. Teachers can make adjustments in the classroom – such as removing the ‘dress-up’ box and keeping hats in student’s bags, not in a box altogether, or reducing close group work where students’ heads are touching. Until the infestation is over,

WILL MY CHILD HAVE TO STAY AWAY FROM SCHOOL?

No, the school shouldn’t exclude your child or ask you to keep them at home because they have lice. You don’t need to keep your child at school while you’re treating lice either.

HOW CAN I STOP MY CHILD GETTING HEAD LICE?

Head lice are really common in children. There are some things you can do to help prevent them:

- brush your child’s hair every day (or remind them to do this)
- don’t share brushes, combs, towels or hats
- check that the school doesn’t store children’s hats all together
- check your child’s hair for lice regularly, and act straight away if you find any
- you don’t need to shave your child’s hair, but it can help to keep it short or tied up when at school.

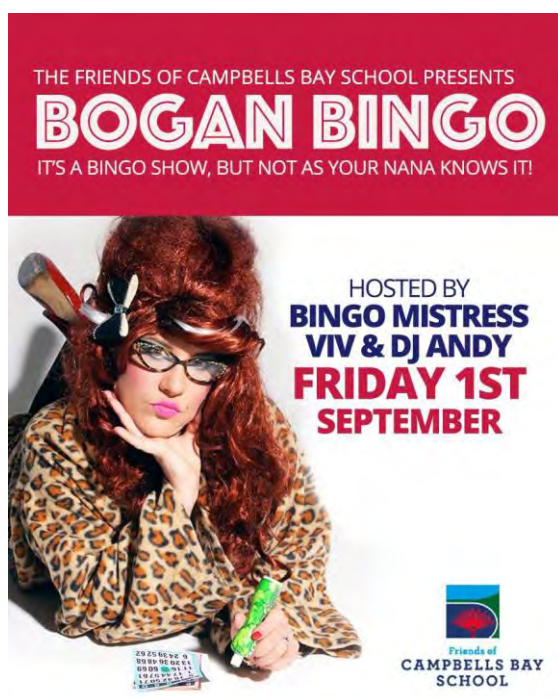

WHAT CAN I DO IF MY CHILD KEEPS GETTING RE-INFESTED?

It is very frustrating when you have treated your child and find they keep getting re-infested. Tell the school every time your child comes home with a fresh batch of lice – so that the whole school community can take responsibility for the problem. If head lice are an ongoing problem the public health nurse may assist the school to provide information and advice to parents.

It’s also common for children to re-infest themselves - it only takes a stray nit or lice to start the cycle again. Make sure you complete any treatment, keep checking, and follow the prevention tips.

Sports and Cultural Photos:

These will be held this Thursday 31 August. Children do not need to wear sports uniform. Students are to come to school in their usual school uniform and black school shoes.

CBS rugby well represented in local rep team:

A number of our Campbells Bay boys were part of the Takapuna J4 Representative Rugby Team who were runners up in the final of the North Harbour competition held yesterday.

They played against Silverdale, a team which until yesterday hadn't conceded a try against them. The Takapuna team showed great talent and skills during the competition, dedication to training and above all great sportsmanship, especially after the disappointment of narrowly losing the final 26 -14 to Silverdale.

Well done to Lachlan Hutton, Oliver Smithson, Ben Brown, Flynn Dalton, Cooper Hulme, Ben Davidson and to the coaches David Smithson and Andrew Hutton, on a successful season of rugby.

Year four, five and six Cross Country

What a day it was last Thursday for the senior cross country! We couldn't have asked for a better week of weather than what we got last week. The sun came out, the course dried out and the students were ready to go.

Over the past five weeks our year four, five and six students have been hard at work training and preparing for their cross country race day. Students set personal goals and challenges and many attended early morning running club sessions to help prepare them for the day. The races were an opportunity for students to put their hard work and learning into action and a chance to celebrate achieving their personal and class goals. It was wonderful to see so many students so determined to do the best that they could and the sense of community spirit and achievement was fantastic.

What was really evident on the day was the support for each other as one big group by the students, the teachers, the parents, the extended families and even some of the local community members. Classes came out dressed in their class colours and a lot of fun was had.

Thank you to all the class teachers for preparing the students so well during their class programmes over the past five weeks and thank you to all the parents and family members who came along on the day to give encouragement and support.

Congratulations to all the students who got out there and took part, we are all very proud of you.

Well done to the following runners who placed in the top ten in their year groups:
