To pay for your child's stationery please go to: www.campbellsbay.school.nz. Go to Everyday Info, Stationery, click the MySchool shop, enter your child's name and year level, ie: Year 1,2,3,4,5,6, select the items you need and then check-out.

Reading Eggs Annual Licence	\$22.60
Mathletics Annual Licence	\$22.60
Aquatics programme	\$55.00
School Magazine	\$17.00
Activity Contribution and Class Consumables	\$65.00
School Donation - full year per student	\$230.00

To pay your school fees, please use the login details that will be sent to you by email closer to your child starting school and follow the steps below:

Go onto the Campbells Bay School Website and on the Home Page go to Everyday Info, scroll down to the bottom Quick Links. Click on "Online Payment Kindo", and then choose between "first time users" or "registered users" to log into your account. Once on the kindo page, if you need to create an account follow the prompts. The myKindo app is also available to download.

Explanation of Annual costs and School Donation

Reading Eggs is a unique online world where children learn to read. All children will have an opportunity to participate in this programme. It supports each child's learning by offering individual, one on one lessons that allow children to progress at their own rate. We strongly recommend participation in this programme. Teachers use it as part of their reading programme and it is also used for home learning.

Aquatics Programme We are excited to offer our students eight swimming sessions at our school pool in Term 1 which focuses on water confidence and is led by an external provider and your child's teacher. At this level three lessons focus on learning survival skills when in the water. This includes sidestroke, moving on your back and dog paddle; all important skills for survival rather than swimming strokes. Five lessons are more focused on specific swimming skill development at the level of your child.

Mathletics is an online programme that helps students to engage and enjoy maths as well as improving their results. All children will have the opportunity to take part so we strongly recommend participation in this programme. This is used as part of the student's home learning to support mathematics progress and achievement.

School Magazine full colour magazine which contains a summary of the year at school, issued at the end of term four, is available for purchase.

School Donation, Activity Contribution and Class Consumables

The School Donation is a voluntary payment and therefore it is not compulsory, but it is a critical aspect of the school financial status. We try to be as efficient as possible in running the school and to continue to do this we do need your support. Donations can also be paid by automatic payment instalments. To do this please set up an automatic payment with your bank, please contact the school office for school bank details. *Please note that your school donation payment may be eligible for a 33% tax rebate by Inland Revenue. For further details see the Inland Revenue website.*

Please note that Campbells Bay School did not meet the Ministry of Education's criteria for receiving a grant rather than requesting donations from their community: the schools eligibility had to have an EQI (Equity Index) of 432 and above, and our school is 347. We unfortunately, do have to rely on a top up from the amazing support of our community to fund our school's opportunities and resources that make us so unique. We also accept international students to off-set some of the financial pressures for the school.

Activity Contribution and Class Consumables contributes to part of the total costs for each student to participate in class trips out of school, cultural performances, expert visitors to the class and additional classroom resources and stationery. This does not cover any additional sporting or cultural event costs that your child may be invited to attend, or EOTC (Education Outside the Classroom) experiences.
